“‘Throwing’ is the debut EP from Zach Bridier’s new project Captive Portal. The project’s name originates from the daily interruption in Greenville College students’ lives. The original goal is to interrupt someone’s ordinary musical preferences and introduce something extraordinary.

In “Throwing” Bridier combines digital era electronic music with analog electronics, acoustic instruments, vocals, voices, short field recordings and collaborates with other musicians that have various styles. This release features Kiah Kelson, Ian Miller, Adam Bridier and others. Credits for each track are given on the back cover. Ian Miller also did the mastering.

The EP is mastered to tape to give us that warm lovely sounding.” – Mahorka
